

## List of Known keywords

Keyword/trigger	and their effects
NOAI	Overrides your A.I. setting so it does not scan current message for keywords, useful when specifying forfeits with another player.
Important:	Flag a message that need to be seen by a Mod - Only use if really important...
May I cum?	Either permitted or not. If not, denied for up to 24 hours
at your mercy	You should not use this when denied or in chastity, as it is the same as asking to cum after edging but with various responses. So if not allowed you will always get the same response. So try it when you have the opportunity to cum. I.e. NOT in denial or in chastity
play cards	Starts the card game where you can gamble with mood points.
Bet 10	Only works in the card game. Enters your bet and starts the game
Hardcore mode:1	Sets hardcore mode for 1 hour, unless you define "1 day".
Get card	Gets a random card - can be anytime but best in multiplayer game mode.
flip coin	Flips a coin 50% chance
Get random10	Gets random number between 1 and 10
gamble denial	Draws a card, if you are lucky may get time taken away from denial
gamble chastity	Draws a card, if you are lucky may get time taken away from chastity
bet chastity	Propose you to use the commands "bet days" or "bet hours"
bet days	A card is drawn : 1-6 : +3 days of chastity, 7-9 no change, 10 and figures: -3 days
bet hours	Like "bet days", but only 3 hours are added/removed
Get team cards	Draws a random card for all in the game and show the loser and remaining items of clothing.
shock or cum	Attach your controlled estim device and you will randomly either be shocked or be allowed to cum
Show Limits	Display your limits (to everyone if in game mode) - handy for setting a forfeit at start of strip game.
Holiday start	Start holiday mode - You will not get automatic mood changes or weekly tasks, and you should NOT be performing tasks in this mode
Holiday stop	Stop holiday mode
Target Mood X	Forces the slave to get mood to at least X when system checks again in 24 hours time. X cant be less than current mood and cant be > 90. Example Target Mood 60. If mood target has not been reached, mood will drop to zero
Trip start	Start trip mode - As holiday mode but will get tasks that can be completed if possible
Trip stop	Stop trip mode
Game stop	Stop game mode where your pictures and messages are shared
Join game: GAMECODE	Joins a team game. You will get a GAMECODE in brackets when you play the strip card game, sending this code to a 3rd player allows for 3 people to play at once 😊
Roll dice	Mistress Jennifer rolls the dice for a game where you have a chance to cum. It will cost you though!
Get dice	Mistress Rolls a D6 dice and announces the result in the team game you are in.

Exit task	When used, you'll be instructed to wait for Mistress Jennifer's decision concerning you leaving the program.
countdown:[Text]:[time]	Sets a countdown timer with title [Text] for [Time] minutes.
camtest	tests the webcam is working
buy toy	Once you have it, you will be asked prove it and and say "Got toy".
how do I look?	This will show the current keyimage of you and your crush.
today I feel lucky	You might not be ;) ? Note: You might also ask any of the other doms to challenge your luck. Try "Today I feel lucky, Mistress Natasha" if you are with Jennifer or James to directly adress Mistress Natasha.
faproulette	Will draw 3 Numbers for faproulette, and take a picture at each stage
show points	This will display your status from the Earn Freedom task
am I locked?	Checks your chastity status
am I denied?	Checks your denied status
when will I be allowed to cum	Mistress/Master may or may not reveal the sentance time
when will I be out of chastity	Mistress/Master may or may not reveal the sentance time
Set random min tasks	Set a minimum number of tasks to do next month (between 2 and 11, or higher in hardcore mode) and lock your settings until the 1st of the next month. If settings are already locked, the value will only change if it is higher than the current one. (The tasks are currently not resetted properly at the end of the month, so you might end up with the minimum set for two months.)
random chastity:80	Will set (and lock) the min hours you need to do chastity per month to be a random number between your current min and the value specified (80 hours in this case)
buyback min hour	Will reduce your monthly chastity min by an hour if you have the 10 mood to spend (can run as many times as you like while have mood > 10)

**With another player**

user denial	Adds time to another users denial e.g. "user denial hotbody:2 hours" will add 2 hours denial to user hotbody - but watch out it also add the time to you!
give mood	Gives a specified number of mood points to another user e.g. "give mood hotbody:20" will remove 20 mood points from you and add them to user hotbody. You can't give more mood points than you have.
msg USERNAME:Message text	Sends a message to USERNAME. Note You can't use with the NOAI keyword and your message should not include any extra ":".
broadcast:Message text	Displays a message to all online uses for 3 min.
broadcast:image number	Displays a picture to all online uses for 3 min. (Right click on the image you want to bradcast for getting the image numer)
question:[Question]	Displays [Question] with yes and no buttons till at least 1 online users respond. Each vote is recorded in both peoples msg stream.
question:[1-9]:[Question]	Displays [Question] with yes and no buttons till at least specified users have responded with yes or at least specified users have responded with no ( e.g. if number is 4, will stop only when 4 people have said yes or no, not say 2 of each).

**Most Keywords are not caps sensitive.**

External mistresses can also use the following keywords (some of these may work for users or in team games as well e.g. if you wish to inform Jennifer that you are locked in chastity for 2 days) do..

set chastity: 2 days	(value can be anything but will not set if less than current value)
set chastity: 2 hours	
set denial: 2 hours	
set mood: 23	(mood can only be reduced for now)
add chastity: 2 days	(this will add another 2 days to any existing sentence)
add chastity: 2 hours	(this will add another 2 hours and so on to any existing sentence)
add denial: 2 days	(same deal)
add denial: 2 hours	
add wtasks:x	Adds x tasks to min required weekly amount
add mtasks:x	Adds x tasks to min required monthly amount
lock limits:x	Locks limits for x days (if current lock less than that)

External mistresses can also trigger remote devices or take pictures - In time external mistresses will be able to be validated (so know not the same person as sub) allowing greater control e.g. raising mood levels or reducing chastity.
