

## Audio Controlled Devices

The easiest (but not the cheapest) way to have Jennifer remotely control a device is to get an audio controlled estim such as:

[http://store.e-stim.co.uk/index.php?main\\_page=product\\_info&cPath=23\\_27&products\\_id=2](http://store.e-stim.co.uk/index.php?main_page=product_info&cPath=23_27&products_id=2)

Simply plug it into the headphone socket of your computer or phone (you may want to switch of notification sounds 😊 ) and select an e-stim controlled by audio in your options.
