Audio Controlled Devices

The easiest (but not the cheapest) way to have Jennifer remotely control a device is to get an audio controlled estim such as:
http://store.e-stim.co.uk/index.php?main_page=product_info&cPath=23_27&products_id=2

Simply plug it into the headphone socket of your computer or phone (you may want to switch off notification sounds) and select an e-stim controlled by audio in your options.
