; Bambi / Bambileigh's thoughts on possible questions / tasks to be added to
this six week adventure
;
; QUESTIONS
;
; Sissies are a diverse group I think really the key is to determine what
they can and want to commit to.
; Essentially are they looking for secret little things they find hot and
which can help them dream.
; OR
; Are they looking at lifestyle changes and accountability. Do they want to
make this a real part of their life?
;
; Are they like me stuck to go the final steps? Are they prepared for the
impact it may have? Do they want a new or second job?
;
; Just how strictly do they want to be held to account here? What will keep
them honest?
;
; Sexual safety? Being a free use sissy is kinda dangerous. Have they
thoughts about sexual safety? Are they on Prep? Where are there boundaries
re protection.
;
```

```
; Are they a crossdresser or a sissy which are kinda different.
;
;
;
; TASKS
; Sissy definition
; - What does a sissy mean to this person? A writing task to define it.
Honestly it can be illuminating for a sissy to really nail down what they
mean. Think of it as setup for SMART goals.
; - Video confessions. Maybe a task that gets them to write it out and then
next week scheduled to video the confession (all dolled up) for JiC
;
; Sissy Name
; - Selecting a name.
; - Testing it out. IE go to starbucks or equivalent and ask for a coffee
under that name.
; - Ordering a name necklace (pro tip: getting one in plate gold will mean
you can wear it 24/7 without it tarnishing)
; - Change at JiC / Fetlife
; - Write a 'coming out post' here at JiC (with pictures)
; - Create new social media accounts for the new you!
; - Using your new name with family or friends. WHO do you come out to?
; - Change EXISTING accounts on other social media (Facebook / Instagram)
; - Changing name at service providers (Personal trainers, massage
therapists, store loyalty programs etc.)
; - Getting a name tattoo.
; - Changing your government name.
;
; Sissy Environment
; - Time to get those girly posters up on your bedroom wall.
; - Nothing is too pink. Painting your bedroom? Time for a dressing / makeup
table?
; - Princess beds. Time to change your bedspread princess.
; - Your outfits deserve better then to be crushed in a bag at the back of
your wardrobe.
; - Purging plans. Where and who can you come out to in order to hold your
items rather than throwing them out (expensive!)
;
; Shopping Adventures
; - The obligatory changeroom pictures. NOTE: DO NOT CUM ON CLOTHES IN A
CHANGEROOM. SUPER GROSS TO SALESGIRLS
; - Makeup at the mall counter (super intimidating tbh. For me anyway)
;
; Sissy Nails
; - Colours and nail polish. Every sissy needs an assortment! What about the
other tools of the trade for a good Mani / Pedi
; - Know your options. DIY at home? Gel? Acrylic? SNS? Shellac? Study time
and test.
; - First salon visit! (Masc or femme?)
; - Sissies are lazy creatures. They want to be pretty women without the
work and commitment. A schedule to check they are being their femme best ALL
```

THE TIME is great. Random nail checks.

- ; - Toes only or fingers too? How long can you go?
- ; - Nail conditioning. Real men do love seeing pretty nails on their cock. Even pretty nails on your own clitty is hot. Like cock addiction training. Pictures and exposure are a thing.
- ; - Nail art. The next level of being girly. DIY or at a salon.
- ;
- ; Sissy support and Bimbo Besties
- ; - Finding your sissy / bimbo bestie. Are there groups of local sissies who can push you?
- ; - Servers? Community?
- ;
- ; Exposure
- ; - Sissy ID cards anyone?
- ;
- ; Tattoos
- ; - Temp or real?
- ; - Tramp stamps and real sissification tattoos around your clitty / near your boi pussy
- ;
- ; Chastity options for sissies
- ; - pink cages
- ; - cages resembling vulva
- ; - piercings that enforce tucking
- ;
- ; Body Hair
- ; - Laser?
- ; - Electro?
- ; - REGULAR checks if waxing shaving?
- ; - Getting salon waxing at the beautician
- ; - the feminine eyebrow
- ;
- ; Hormones
- ; - Appointments with doctors
- ;
- ; Hypno
- ; - Audio not video
- ; - Logs and triggers
- ;
- ; Camgirl time
- ; - JiC cam girl with a real audience
- ; - Only fans page time?
- ;
- ; Cheerleader time
- ; - Maybe it is time JiC got its own cheerleading song and dance. Video humiliation at its finest.
- ; - Similarly pop idol singing and miming is a thing.
- ;

; Rest of questions... ? Bambi feel free to add here :-)
; Skills - What can they do? Anything from a bit of chastity, deep throating
a dildo to applying makeup and walking in heels.
; Exposure/Interactions - What have they done before dressed as a sissy?
TempExp, more public websites or providing public toilet / outside pictures
/ doing a video call with other JiC sissies/ going to a gay nightclub /
needing to provide evidence of giving a handjob or blowjob etc.
;
; Once we have collected all the information - Slave has to commit to being
```

able to tick one extra thing of in each of the 4 areas (if already have everything ticked in an area then get told to commit to improving e.g. if all clothing, told to buy another dress (with description) or for skills told to be able to suck 8inch cock etc.  
; If their chastity limits allow maybe lock them in chastity till next week and only unlock if can show new clothing on camera (may give motivation for fast delivery :-).
