show:Hello there slave! It's good of you to do these extra tasks to try and impress me, to try and keep my mood high...
wait:10
show:But I wonder if there's a way to keep you even *more* motivated?...
wait:20
show:Hmmmmm...
wait:15
show:Oh! I have an idea! Go and get your chastity device! And whatever means you have of securing it- ideally a numbered tag, but failing that a lockbox or similar.
button:Got everything, Mistress
show:Right, strip!
button:Naked, Mistress
cam:1
show:Now, get that thing locked on! There'll be no standing on ceremony here, slave! Get ready for a pic once it's on, and make sure it's clearly locked!
button:Ready, Mistress
cam:2
show:Good! One more now, change positions or get a different angle. Show me everything is snug and secure in there, hehe...
button:Ready again, Mistress
cam:3
;
show:Great!
wait:20
show:Hehehe, that's everything!
wait:10
show:What?...
wait:5
show:Oh, of course! You want to know when you can take it off!...
wait:15
show:Hmmmmm... well, I think...
wait:5
show:... eleven is a good number...
wait:10
show:Yeah! Eleven days it is! And not a day earlier, unless you want my mood to drop like a stone!
button:Please Mistress, have mercy!
;
show:Well... I suppose I could be a bit kinder to you... but only if you're hard at work tormenting yourself in other ways for me... ;)
wait:20
show:You should know I keep a 'Top 10' list for my best slaves? It's linked from the left side of the main messaging window. It's kept up to date

automatically, so it's always accurate.
button:Yes, Mistress?
show:I will allow you to unlock that little thing earlier if you manage to
make it on to that list. Aren't I generous?
wait:20
show:You may unlock yourself- after sending me a final verification picture-
if you've been locked for at least as many days as your position on the top
10 list. So, if you're in 3rd place, you may unlock yourself after 3 days.
Only your current position counts- if you're 2nd on day 1, and then drop to
8th, too bad! You'll have to wait until day 8- or climb up the table again.
But, if you're in 8th place on day 3, do a task and suddenly jump to 2nd,
you can unlock yourself right away! Of course, if you don't ever make it
onto the top 10- or get unlucky- you'll be waiting the whole 11 days. Is
that clear, slut?
button:I understand, Mistress
show:Good. That's all for now, slut. Have a frustrating time! :D

;First note, you'll need to add a require parameter for a chastity device
for this one
