

# Weeks task for June 23rd ->

## All with a European theme this week

### Task 1

As some will know :- the UK gets to decide if they Remain in the E.U. or not. For the sake of a task The UK is made up of 4 parts each with a national vegetable:

- England - Asparagus (or should it be frozen peas?)
- Wales - Leeks
- Northern Ireland - potato
- Scotland - (deep fried) turnip

Everyone is to insert them in an orifice and see how long they "Remain" 😊 If you are from a country above you use your vegetable, everyone else gets a choice 😊 points may be awarded for sculpting into a butt-plug (easier for the last 2) So expect a picture of your vegetable when ready for insertion and a picture of it inserted. With your hands handcuffed.

### Task 2

Say in the message system before Saturday who you think will win the final of Euro 2016 (football). Obviously you will want to get it right 😊
